Ruffle - Method 1 - No Serger

- 1. Press under 1/4" of Lining side only. (This will cover ruffle later.)
- 2. Ruffle: Fold in half long ways right sides together and sew each short end closed. Trim corners and turn right sides out; press. Run gathering stitches a bit less than 1/4" from the edge. Pull up gathers and distribute evenly to match measurement of bottom of shirt. Pin right sides together (matching raw edges) onto the Fabric side of shirt. Sew 1/4" seam.
- 3. Flip ruffle down and press keeping raw edges between fabric and lining.
- 4. Hand stitch lining to ruffle to encase the raw edges. (Or apply fusible web, fabric glue or even hot glue works well)
